## Assessment base rises \$22 mil.

The lowest on the  
Hancock County's as-  
sessment base for 1966  
will be the value of  
the land on which the  
county's assessed value  
will rise in excess of  
\$22 million.

was a beautiful and

a sight to behold.

J. Latham. That's some \$3 mil-  
lion more than over before.  
The county's 1964 assess-  
ment was \$17,076,756 and the  
previous year it was  
\$15,623,133.

Revised the personal prop-  
erty assessment on automo-  
biles which is in the form of  
licensing tags, breakdown for this  
year includes \$12,105,459 on  
real estate and other personal  
property, \$4,657,671 on public  
utilities and an estimated  
\$30,000 on gas and oil leases.

Going over the \$20 million  
mark puts the county in a new  
valuation category and means a  
pay hike for the board of su-  
pervisors. They now get \$325  
a month, \$75 more than when  
the assessment was under \$15  
million.

Sewer line laying through-  
out Bay St. Louis was to cease  
at the end of the work day  
Wednesday for a Christmas  
holiday break until Monday  
morning while water crews will  
work until tonight.

That was the word from City  
Commissioner of Public Utili-  
ties J. Cyril Glover. Next week  
the crews will knock off only  
for New Year's Day on Satur-  
day.

Osborn, Inc., sewer con-  
tractors, said Wednesday after-  
noon they would continue work  
next week on the four locations

where they have been this  
week—two crews on South  
Beach in the vicinity of St.  
Charles Street Union between  
the Beach and South Second;  
and Ballentine Street from third  
Street to Central Avenue. They  
do not expect to break into any  
new areas until after New  
Year's, a company spokesman  
indicated.

George Consolidated, water  
line contractor, could not be  
reached for information on its  
work plans for the holiday week.

## New MTF rumors set March as fire date

No comment is the answer  
this week at Mississippi Test  
Facility to reports the first  
static test firing, originally  
scheduled for January, has been  
postponed, possibly as far back  
as March.

Mack Herring, public infor-  
mation officer, said he expected  
a full projection of activities  
would be ready some time next  
week. He observed that the  
countdown signs which gave  
Jan. 2 as the firing date had  
been placed around the test site  
as much for psychological rea-  
sons as any other during the  
construction period.

The S-11 test stand is vir-  
tually completed and most of  
the buildings are finished and

already is use. Herring noted.  
Water ways have been com-  
pleted, data systems are ready  
to go and cold start tests with  
liquid oxygen on the test stand  
started Wednesday morning.

Major projects to be com-  
pleted during 1966 include the S-11  
vertical checkout and storage  
facilities, component service  
facility, S-1C stand on which  
concrete has been poured and  
steel is now going in place,  
and the other S-11 stand.

Acron Corp., which has a  
\$19 million contract for Phase  
1 of the technical systems, has  
virtually finished its work and  
is moving out its personnel.

## O. K. given re-vamped county school plans

Subject to viewing actual  
plans, state education finance  
authorities in Jackson, while  
expressing disappointment in  
the request, have tentatively  
approved proposed modifica-  
tions to the county school  
board's proposed building pro-  
jects trustees learned Saturday.  
These cover the new school at  
Pearlington and additions to  
Gulfview and Hancock North  
Central.

Architect Fred Wagner said  
mechanical and electrical com-  
ponent changes are being made  
to original plans and these will  
be forwarded to Jackson at the  
first possible moment after  
completion. He further stated  
that the Jackson people had  
also warned the board of ex-  
penses that would be incurred  
should trustees decide to expand  
at Pearlington or Gulfview.

"While approving these  
changes we have been warned  
that any future expansion will  
not be approved until increased  
sewerage capacity has been pro-  
vided," said Wagner. He said,  
"They also pointed out that any  
such addition at a later date  
may prove very expensive."  
Trustees Eric Larson clar-  
ified the issue by saying, "We  
know we had the best system  
possible but money problems  
are forcing a curtailment of  
our plans."

Wagner then outlined pro-  
posed alternatives to be sought  
to the sewerage disposal, elec-

## Call for VCJ staff change

It is impossible for us to go

The meeting was a follow-up  
of a letter, signed by about  
140 Negroes and dated Dec. 4,  
addressed to Robert Hamilton,  
chairman of the Municipal  
School Board, its members,  
superintendents of education  
and trustees of Bay St. Louis  
a local school board regarding

in person, he said. Next meet-  
ing of the board is scheduled  
for Jan. 10, 1966.

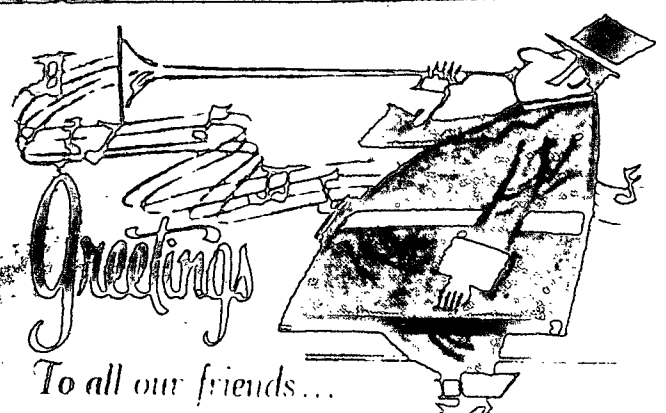

He said "This is a Negro  
civic organization, we are not  
agitating, but they have never  
given us proper consideration.  
We want peace and harmony  
in the community but I am not  
afraid of being shot, we have to  
die one way or another." The  
group applauded when he said  
"If I die trying to help my  
people, let me have it."

For the best interest of all  
concerned we want a change of  
administration at VCJ. We don't  
want any one person fired. He

St. Joseph Academy was chosen from among 72 member schools to receive the Mississippi Librarian's Award for outstanding achievement during the 1964-65 school year. Sister Marie Ellice, librarian, and the student librarians accepted the all-state award at the annual meeting of the Southern Association of Librarians held recently in Clinton.

Each member club submitted a detailed account of activities and achievements. At the award assembly a selection of the Southern Association of colleges and secondary schools re-evaluation report was read. The report said, in part, "The committee has very high praise for the library of St. Joseph Academy. From what has been observed, careful planning and excellent function-

ing characterizes the entire program, particularly those areas involving book collection, cataloging, vertical file, library assistants, and audio-visual materials. The enthusiasm for seeking any means that will improve the service rendered is quite evident. We also commend the wide collection of professional materials provided for the staff."

The library club also was second place in the poster contest with a poster submitted by Pam Smith.

Delegates Barbara Griffin, Bill Euston, and Terri Powell presented a discussion on the art of story-telling and Betty Aguin, Lynn Bonck and Kathy Saur gave a review of Cry the Beloved Country, by Alan Paton.

## Betsy damage tab reaches \$850 thou.

An estimate of about  
\$850,000 to fix Hurricane  
Betsy's damage to the beach-  
front road is being processed  
by County Engineer George  
Wier.

The Federal Bureau of Pub-  
lic Roads has agreed to put up  
half the money for the per-  
manent restoration of a federal  
aid secondary route and asked  
the county for estimates on  
cost and programming.

Just what the final cost  
figure is will be determined by  
the bureau on the basis of the  
county's application. The  
county will have to put up half  
the funds and if the bureau  
agrees to \$850,000 that means  
Hancock must provide \$425,000.

R.G. Hubbard, Jr., president  
of the board of supervisors, and  
Delph Kellar, president pro tem,  
said Wednesday they will have  
to check with state auditors to  
see whether they may tip the  
estimated \$469,000 surplus in  
the severall bond sinking fund for  
this project. There is the possi-  
bility some special legislation  
will be needed to realize the  
money and the supervisors may  
have to ask the state legislature  
to pass a measure toward that  
end at the session opening in  
January.

Right after the hurricane  
Wier estimated repairs to the  
seawall road pavement at  
\$950,000. He subsequently has  
learned the bureau figures  
7,333 feet of road need re-  
pairs but Wier calculates it is  
closer to 9,950. He had  
planned to delete culverts from  
the repair job and cut the es-  
timated cost down to \$750,000  
but Kellar has indicated he feels  
that is essential to a satisfac-  
tory restoration.

Work resumed Wednesday  
morn'g Fehay Whitfield Fun-  
eral Home for Edward Anthony  
Strong, 21, U.S. Navy, who was  
killed in an automobile acci-  
dent last Saturday, in San Diego,  
Cal.

Religious services are at 10  
a.m. at Our Lady of the Gulf  
Catholic Church. Strong, who  
had returned from Viet Nam on  
board USS Froble in late Octo-  
ber, was a graduate of Bay High  
School.

He is survived by his par-  
ents, Albert Strong, and Mrs.  
Cleo Travico Strong and one  
brother Albert, Jr. His mater-  
nal grandparents, Mr. and Mrs.  
Arthur Travico of Calport,

to providing an all-weather ac-

dump area which will be used  
for disposal of hurricane debris  
removed from the beaches. The  
Corps of Engineers at Mobile  
is to award a negotiated bid on  
the work next Tuesday.

Construction on the road was  
stalled 10 days or so ago by  
heavy rains and Hubbard said  
he may have to wait cross  
Sunday to finish getting it in  
shape by the Corps' deadline.

could be transferred. We need  
somebody everyone will respect  
including the school board. The  
present principal gets hated by  
our own people when he gets  
up to talk. We need a respect-  
ed leader to fight for our  
rights," said Wallace.

VCJ principal, J.S. Price,  
was asked to speak but replied  
he had nothing to say at this  
time.

"We need better teachers.  
Good ones don't stay long  
enough for the children to learn  
their names. Our big problem  
is put-outs, not drop-outs. Many  
students get put out and when  
asked about returning to school  
they say they are not going  
back until asked by the school,"  
Wallace said.

"There have been many lies  
about this meeting and the cir-  
culation of this petition and we  
don't want any more here, said  
Wallace and continued, "We  
don't want to start any lies.  
Our letter to the school board  
seems to be something of no  
value but it was signed by about  
140 persons. Most of us are  
employees. What else can we do?  
This is our responsibility as  
men — our vote means some-  
thing. (According to the 1960  
census Hancock County has a  
Negro population of 2,255).

"As to integration, white  
people would never send their  
children to VCJ with its dirty  
rest rooms and other condi-  
tions. We are not interested  
in integration — we are not  
prepared. We need to educate  
and prepare ourselves before  
we can ask for integration. Our  
children are not being educated  
properly. How many here can  
use a typewriter? NASA proved  
we are not qualified. There is  
a tremendous opportunity there  
for typists, stenographers, etc.  
but we cannot qualify.

## BIRTHDAY PARTY

Pink and white was the  
theme for Little Catherine  
Pinto's sixth birthday party  
last Thursday in the home of  
her parents, Mr. and Mrs. An-  
thony Pinto, Jr., 342 Carroll  
Ave. Helping out her Barbie  
doll cake were Gloria Eilman,  
Bobbie Foyard, Marion Foyard,  
Randy Keenan, Kenny and Phil-  
lip Gayant, and Ann Marie and  
Michael Reano.

## CYO DANCE

A dance for high school stu-  
dents and guests, sponsored by  
the Catholic Youth Organiza-  
tion, is scheduled for New Year  
Eve in Our Lady of the Gulf  
School cafeteria.

The White House advised him  
additional funds for Betsy re-  
lief had been released. At the  
request of Gov. Paul B. John-  
son, Jr., \$1,150,000 was grant-  
ed for federal disaster assis-  
tance on Betsy's damages.

(Cont. from Page 1-A.)

He said, "We want the same  
at VCJ as Bay High. We have  
no heat in the halls. Restrooms  
need to be kept clean. We are  
making some progress as it  
wasn't too long ago that we used  
to get everything second hand.  
Like footballs when Bay High got  
through with them.

Needs are listed in the peti-  
tion as: a foreign language in  
high school curriculum; a coun-  
seling program that will help  
students during their high  
school career and prepare them  
for college; better heating facili-  
ties; including heat in the halls  
improved restroom facilities  
some system of keeping them  
clean that is not based solely  
on the delinquent students; bet-  
ter teacher-pupil, principal-  
pupil, principal-teacher, and  
parent-principal relations  
traffic guide.

The petition listed the prob-  
lems as: "A large number of  
dropouts; poor system of dis-  
cipline present system tends  
to make dropouts incorrigible  
an abnormally high turn-over in  
the employment and dismissal  
of teachers an apparent mis-  
use of administrative latitude  
in school activities involving  
finance, particularly when the  
finance is derived from the  
parents without any expression  
of ethical appreciation or grow-  
th; abusive misuse of P-TA  
by a administration domination  
and appointment of ex-ecutive  
and untrained leadership.

(At their meeting on Tues-  
day, Dec. 14, Bay St. Louis  
Municipal Separate School  
Board trustees indicated they  
would incorporate many of the  
suggestions, such as traffic  
guides, a second language  
course, and restroom and heat  
improvements.)

# Thwarted thief

A period of terror, in which a thief tried to gain entrance to her home on Sunday, ended for Jane (Verna), 14, daughter of Mr. and Mrs. J. S. Vignone, Jr., of Nicholson Avenue, Waveland, when she crushed the thief's hand between the door and the door jamb as he groped for the night latch.

Bayou View first officer and his partner, Officer 9 and Joan, 7, the little strange visitor at the door about 10:45 p.m. and went to investigate. The porch light, previously lighted, was the entrance, had been turned off but from the window she could observe the vague outline of the house breaker as he employed the tools of his trade.

Quickly and quietly she slipped through the house to the phone for assistance. The phone was dead. Without hesitation she opened the back door and ran across to a neighbor's house to call his telephone. A call to where her parents were attending a Christmas party revealed they had left for home when, at approximately 11 p.m., they had been unable to establish telephone contact.

Running back into her house via the back door she saw the

thief dropping through the roof and falling into the yard. She called out and the thief fled.

Police are looking for the thief. The thief is described as a white male, about 20 years old, 5 feet 10 inches tall, 150 pounds, brown hair, blue eyes, wearing a dark coat and light-colored pants.

Anyone with information should call the police at 222-1234.

# Pearson's Merry-go-round...

Christmas boycott

Lawyers Negro groups have been trying without much success to organize a boycott against Christmas in New York. They have urged Negroes to dramatize their grievances by refusing to buy gifts. Except for a few fanatics, Negroes are not responding to this appeal to boycott Santa Claus.

Meanwhile, the Commerce Department reports that Christmas sales for the nation will be close to \$3 billion, a phenomenal 10 per cent over last year and another all-time record.

False political advertising

There is something peculiar about the failure to prosecute those guilty of putting out false advertising in the name of Martin Luther King during the last election. This advertising urged Negroes to vote against Johnson because, it claimed, he was a victim of anti-Negro.

One voice on the radio screamed and gurgled in anguished tones, "My boy died because Lyndon Johnson voted against the anti-lynching law."

It was later found this propaganda came not from Negroes but from a Republican advertising agency, Bozell and Jacobs of Chicago. Nathan Jacobs, its president, admitted preparing the ads.

False advertising in a political campaign is a criminal offense. However, the Justice Department, when it started to prosecute, was called off by someone higher up.

South African embarrassment

The White House has got into the act regarding the congressional investigation of South African race prejudice. Rep. Burrell O'Hara, Chicago Democrat, has scheduled February hearings on South African racial policies, including reports of American protesting under them. The probe was aimed partly at New Jersey's leading and wealthy Democrat, Charles Engelhard, who is the heaviest American investor in South African gold and diamonds. Engelhard Industries are potent in South Africa.

But Engelhard was one of the LBJ supporters who kept the New Jersey delegation from being in the Kennedy camp at the Los Angeles convention. And when the President went to Atlantic City for New Jersey's Jefferson-Jackson Day dinner this year, he stayed in the Engelhard penthouse.

White House pressure is now on Congressman O'Hara and it's questionable that the hearings will ever be held.

Equality before the law...

As do these potential plaintiffs in our county. We know that in 1960 about 53 per cent of the people in Pearl River county lived in one beat. Most people believe that this percentage has risen to 60 per cent because the mushroom growth has been in that beat. The ideal situation would be to have the districts reapportioned so that each had 20 per cent of the population, and this would not be hard to do.

Such a change is neither impossible or difficult. But it calls for action and good faith. The attorneys who appeared before the Board of Supervisors last week said that a proper apportionment based on population could be figured out in two days by people who wanted to do so.

We agree! The census maps of 1960 show exactly where every person in this county lived. We can have a new, official, Federal census made right now if we desire. We don't need the Shidell computer to figure out how to redraw the beat lines so that approximately 20 per cent of the people live in each beat. That is what is asked.

This should and must be done now and at any future date when maladjustments occur because of population shifts. This costs the people nothing—not a cent. But it is likely that the phony issue of increased taxes and topheavy costs will be falsely injected soon to scare the hell out of everybody. This is a time-honored deception in this county. Do not be surprised if it is used again.

The people will not be told that their taxes will be more fairly distributed, and the disparity in voter values will be corrected. They will not be told that one person in Beat two has 12 to 15 times the power over county affairs as one person in Beat 4. They will not be told the truth.

We hope that for once politics will be laid aside, and the Board of Supervisors will act fairly, impartially and quickly. That is their duty. It is not the job of the petitioners to submit "a plan" for reapportionment. The law requires the supervisors to do this. And it is simple and easy. Other boards have done this, ours should.

We doubt, however, that the Pearl River County Board will do so, although two of the five members are willing. We are aware that supervisors in other counties have been enjoined from paying out taxpayer money to prevent redistricting. We hope that our Board will not try this, but it looks like that is planned. It should be stopped.

We personally have little faith that our Board of Supervisors will act voluntarily to do their duty and obey the law to redistrict. We believe therefore that there is no other recourse than to proceed in Federal Court on January 15 to force such action. We believe the people will agree when they understand the problem and know the truth.

# Teen Times

As this is the Christmas column, we've been reaching our brains trying to think of an all encompassing gift, which of course costs nothing to present. After much thought, we've decided a bit of praise for your general behavior during the past year might be appropriate. There are a few teens that drive like maniacs, think it smart to get plastered, or think it stylish to imitate the Beatles, and a very few girls who wear skirts much too short and tight and don't realize that highly tanned, spray plastered hair styles are as outdated as bouffant slips... but on the whole we're pretty proud of the majority of our local boys and girls and wish one and all a happy holiday season.

Everybody is home from college, and it would be impossible to list all names, but a few we're not reported on in past columns include Ellen Colson and Linda Munch, who attend Loyola; Caroline Otis, Lucien Ladnar, Janet Crow, Kinta and Mike Egan, Terry Hall, Ross Maurigi, Bruce Kleinham, and Lydia Dillman, all home from PRJC; Andrew Ramage, Alabama; Billy Leigh, Tulane; Holly Reuhl and Harry Shattuck, Millsaps; Dianne Hunter, Jackie Kingston, Ricky Marshall, Chippy Henry, Tommy Bonigno, Kappy Clark, Sandra Pillingame, Lucien Ladnar and Steve Kidd, all from USM.

Due to the fact that the Echo has been so full of adult news, we've still a backlog to catch up on... we're late, but none the less sincere in congratulating Dale Russell, winner of the 1965 Junior Miss title and also to runners-up Mimi Jeffroy and Brenda Fricke.

The last week of school was frantic as always with home ec classes cooking like mad and eating the fruits of their efforts at a series of parties.

One of the cleverest pre-Christmas ideas was the daily gift exchange between St. Joseph Academy students which took place the last two weeks before the holidays. Each girl drew a name and presented items, witty and novel, many of their own contrivance. It was a lot of fun for both the donors and recipients and could easily be used to install Yuletide spirit in students of other schools.

Many have jobs during the holidays. Piji White, has been

St. Joseph's revamped club presented their Christmas program a week ago last Sunday, to a most appreciative audience. Senior Girl Scouts report a fabulous time on their Mexico trip. In HMC tourney final

## Roaring Bay Tigers claw down Hawks

In what was probably the most thrilling basketball game seen in this area in years, coach Wimpy Seymour's hard-playing Tigers withstood a final quarter rally to pull the biggest upset of Hancock North Central's first invitational tournament, beating coach Roland Ladrer's Hawks for the championship trophy, 64-63, in the finals Saturday night in North Central's gym.

But, the star of the show was six foot five all-around forward Wendell Ladrer who scored 46 points in the losing effort against the Tigers, hitting for 27 in the final frame, to barely

miss leading his mates to victory. He was awarded the most valuable player trophy.

On Wednesday the Hawks had knocked the Tigers out of the winners' bracket with the decisive score of 66-38. This time Wendell piled up 38 points. It was a double elimination tournament and the Tigers had to fight their way through the losers' bracket to earn the return engagement with the Hawks.

Virtually every game in the week-long affair was a thriller and the gym was packed to capacity every night with fans who were on their feet with excitement during almost every contest.

In the girls' final Saturday night, St. Joseph Academy's Gold Jays, who had waded through all previous competition, bowed to Pearl River 38-56. They had beaten the Pearl River girls the previous night 45-41 to remain in the winners' bracket, also having won over Bay High 31-28 and Hancock North Central 39-34.

After being beaten by St. Joseph in the opening round Monday night, Bay High's girls moved to the losers' bracket where they defeated Harrison Central 35-32 Thursday. On Friday, however, Pearl River, who went on to win the girls' trophy, knocked the Tigers out of the tourney 50-38.

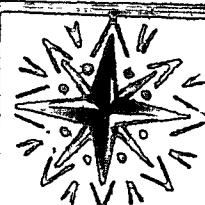

St. Stanislaus lost its initial contest to Harrison Central 52-46 Wednesday and bowed to Harrison Central 51-47 Friday night.

In the feature event Saturday night an overflow crowd was on its feet as the Hawks and the Tigers battled each other on an even basis throughout. Coach Ladrer's squad featured the amazing shooting of Wendell Ladrer while coach Seymour counted on teamwork

emphasizing excellent pass play and rebounding. Miho Nocato was high scorer for the Tigers with 28 points followed by Bruce Cox with 20 but Dick McQuay, Beagle Dean, Miho Strong and Charlie Nocato contributed equally with the floor play, although Dean fouled out in the third quarter.

Kenny Randall was second high for the Hawks with 14. Cagers turning in outstanding performances were Worlin Ladrer, Paul Cuevas, Kenneth Hoda and Clark Smith. None of

TV & APPLIANCES

"Tis the week before Christmas  
And all through the office  
There's barely a sound,  
Not even the clock.

The rain steady falls,  
From office location gray  
The workers are a bag,  
No matter which way!

But Santa is coming  
In spite of the mess  
So we'll have to wish all  
Yuletide happiness.

Our own crazy little way of extending greetings of the season to readers far and near. (Polly, if you are so full of Christmas spirit, how about giving US a big present - Red, Joan, John, Tony, Ellis, Carmon, Milton, Eddie, Mary, Mike and John!

### Santa type parties

Lots of parties all over the place. Carol and Andy Martinovich displayed their lovely new home to a host of admirers last Tuesday night.

Friday night Hancock General Hospital personnel and guests celebrated at the Ameri on Legion home and a gay evening of dancing led by a jibbering Santa was enjoyed by all.

There was a frantic scramble for baby sitters Saturday as this was the date of General Electric's shindig held at the large Legion hall in Mississippi City.

Lakeshore Garden Club members cavorted at their Christmas luncheon at Gus Stevens last Thursday. Hostesses Margio (Mrs. John) Audar and Elaine Davis presented each guest with corsage appropriate for the season and had tables beautifully decorated. Alma (Mrs. Ray) Manlich won the entrance prize. Game winners were Grace (Mrs. E.P.) Orrie for best poem and Beulan (Mrs. Frank) Peterson, for her version of the hula dance. Edna (Mrs. Ben) Peterson kept the party lively with her stock of amusing stories. Beulah Peterson and Daris (Mrs. Jack) Scuzman were guests for the occasion.

### Season prize winners

Three year old Kevin McCaleb, Jewel and J.T.'s young son, did the honors at drawing for two bicycles at Wright Way Cleaners Friday afternoon, but didn't manage to select his name, or that of any of his brothers and sisters. Mrs. Eric Neelase was lucky winner of the boys' bronze hued bike, Tim Delcuso won the flower basketed lavender girls' medal.

Margio and Sidney Woods' little ones are in for the surprise of their young lives come Christmas Eve. Santa had scheduled a stop at their new home, and will appear big as life laden with his bag of toys and goodies.

A plea in behalf of long suffering sales personnel in local stores... this year, don't wait until the very last minute to shop for something you know you've needed for weeks... remember, they've been rushing around like mad and would like to get home in time to enjoy Christmas Eve.

Doris Scuzman is home once again after spending a week in Jackson, Miss. where she visited her sister-in-law, Margio (Mrs.) Leroy Nelson, and family.

### Gripe corner

We'll repeat the same old and voicing our objection to fireworks, at this supposed-to-be holy season! They're a blasted (and blasting) nuisance on July 4th, but what on earth do they have to do with the birth of Christ?

### Our sympathy

It is with regret we send several messages of sympathy to those who suffered losses in this otherwise gay time of year. Joan (Mrs. Gordon) Glom's brother-in-law, George Grandfield passed away while visiting here, last Tuesday, and she and her sister, Mrs. Grandfield, have left for their home town Cleveland, Ohio, where the funeral was held.

We were also very sorry to hear of the death of our old buddy, Travis Culbreth, who succumbed to a heart ailment that had plagued him for years. Travis died at Hancock General at 6:02 p.m. last Thursday. Our heart goes out to his widow,

### Grandchild No.1

Congratulations are on the way to former Clermont Harbor resident Frances Lovon, who now lives in Baton Rouge, upon the arrival of her first grandchild, Little William Korney, son of her daughter, Ann, and son-in-law, Bill, who was born early this month weighing seven pounds, 12 ounces.

Babylove Bourgeois, the travelling one, spent one week at home, after returning from a visit in Atlanta, Ga. and then left for Monroe, La.

We congratulated Kathy Johnson for being selected to portray the Virgin Mary in St.

NOVEMBER BRIDE AND GROOM - Mr. and Mrs. Donald Anthony Compton who were married Nov. 6 at Our Lady of the Gulf Catholic Church are now at home on Carroll Avenue. Mrs. Compton is former Sandra Grace Scuzman, daughter of Mr. and Mrs. Sheldon Scuzman. His parents are Mr. and Mrs. Anthony P. Compton of Old Spanish Trail.

Clara's pageant, but neglected to mention the fact that Ricky Hubbard is to be Joseph, as he collected the most coupons among the boys.

Mabel and Tony Monti took off early Sunday for a flying trip (via train, however) to Houston, Tex. It was a business trip, but we're sure they found time to make like a couple of tourists for an hour or so anyway.

### Be honest!

If some honest person doesn't return the purse lost last Saturday in Bill's Dollar Store by Sidonia de May, long time employee of Sunshine's, the de May family won't have such a merry Christmas. Sidonia had the money, a \$20. bill, two \$10.'s and a five, to spend for gifts and groceries.

Another pre-holiday fest was hosted by Jill and Gerald Cox and Dee and Frank Dabson at the Cox home Saturday night. The house was beautifully decorated down to the most minute detail... the fireplace even glowed with very fancy, good smelling briquettes.

Judge Nolan Lodner is buzzing all over the place in his 'new' red automobile. Removing acquaintance with all of his Bay friends to Harry Hosmer, here for a visit from St. Louis, Mo. Harry and his mother are guests of his sister Emily and brother-in-law, Rene de Montezin.

We've been asked to register a gripe about people who blow horns loud and long early each morning when picking up riders. As this occurs at the same time daily, we think with hours pre-arranged, the noise making is superfluous.

Rita (Mrs. Roger, Sr.) Boh received her Christmas gift, in the form of an amulet (Cont. on Page 6-B.)
